

Florida Health Care Activity Coordinators Association

Announces:

"Blue Pages"

FHCACA has added an exciting new advertising program called "Blue Pages" to our website. These listings (similar to what we all know as "yellow pages") will be available as a low cost and excellent opportunity for our members, friends, vendors, entertainers, facilities and any other person or business interested in advertising themselves or their services on our website. www.MYFHCACA.org

These listings are not only viewable by FHCACA members but also the thousands of visitors we have on our website. **What better way to showcase your service to the people who use them – and at the low cost we are offering it for?**

**The cost of adding your business card is only \$10.00 and is good for one full year!**

If you are interested in other advertising opportunities on our site or with FHCACA, please contact Mary Spikes, FHCACA President for a complete list of advertising rates at marydspikes1@aol.com.

Please make all checks payable to FHCACA, and mail with completed form and business card\* to

Please show your support by participating in this wonderful advertisement opportunity!

\*Please note FHCACA does not except credit cards\*

\*Important Note about the artwork or business card you provide:

The best method for a nice clean ad is for you to provide the artwork as a .jpg or .pdf (typically your printer would have this on file). Otherwise, your business card will be scanned and then placed on the site which could result in lower quality than artwork. Also, your ad size is 2" x 3 1/2" which is the same as a business card – so if you have a two sided business card, you may want to consider purchasing two ads so you have all information and increase your visibility! Please call if you have any questions.
